Kobra Cyclone	Cyclone	See Cyclone general brochure					

* 1/2 case = 1250 A4 70 gr. paper sheets

** 9"- 1/2 continuos, 14"- 7/8 continuos

WHEN CHOOSING A SHREDDER MODEL YOU SHOULD CONSIDER THE FOLLOWING:

- 1) A 25 % growth in usage
- 2) How operator-efficient is the shredder model for the application:
 - a) Shredding time
 - b) Frequency of changing the shred bag (cross cut vs. straight cut 1 to 4)

1 case = 2500 A4 70 gr. paper sheets (5 reams)

1 ream = 500 A4 70 gr. paper sheets

KEY TO USE COLUMN:

PV Personal volume - deskside use

LV Light volume - general office shredder

MV Moderate volume - general office shredder

HV HeHVy volume - general office shredder

HV = Alto volume - uso d'ufficio
